ABOUT US

KnowledgeLeader is a subscription-based website that provides time-saving tools, informative publications and valuable training to help audit and risk management professionals stay efficient, effective and informed.

Our unrivaled repository is updated weekly and thoughtfully curated to cover a wide range of key topics, including Sarbanes-Oxley, digital transformation, fraud, cybersecurity and much more.

WHAT WE PROVIDE

TOOLS

Download and customize KnowledgeLeader's audit tools, including risk and control matrices, audit work programs, policies and procedures, checklists, questionnaires, guides, and methodologies, so that you never have to start your audit projects from scratch.

PUBLICATIONS

Stay up to date on hot topics, risk management trends, industry updates and regulations, and best practices with KnowledgeLeader's succinct and actionable publications

CPE TRAINING

Upgrade KnowledgeLeader's standard subscription to KLplus and get access to our library of interactive, on-demand CPE courses.

UNIVERSITY CENTER

Through the University Center program, internal audit, IT audit and accounting-focused students and professors get free access to university-specific content, like sample syllabi, projects, and recruiting and internship information, in addition to all of KnowledgeLeader's tools and publications.
